REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Jaffrey:

I herewith submit to you my tenth annual report, this being the nineteenth under union supervision.

The enrollment for the school year 1926-27 was 541, the largest registration for many years. For the first term of the present school year the enrollment was 504 as against 518 for the first term of last year. Most of the rooms show a registration of from thirty to forty five, and two grades, the fifth and seventh, have fifty pupils.

There were several changes and transfers in the teaching force at the close of the school year in June. Miss Doty's position as teacher of English and History was filled by the election of Miss Nathalie M. Moulton, a graduate of University of New Hampshire.

Miss Marion A. Mack resigned her position as teacher of Domestic Arts to accept a position in the junior high school at Whitinsville, Mass., and Miss Elizabeth Peckham, a graduate of Keene Normal School, 1926, was transferred from the primary school to succeed Miss Mack.

After giving careful consideration to conditions in grades seven and eight it was decided to drop French in the seventh grade this year, and in both grades next year; to give more attention to mathematics, English and

geography in these grades than was possible under the old program. It was also arranged to offer more electives in mathematics in the senior high school.

In order to properly cover the schedule as thus re-organized it became necessary to have an extra teacher for the junior high grades, and Miss Anna B. Eaton was elected to the eighth grade position and Miss Shirley K. Bemis to the seventh grade position. Both are graduates of the three year course at Keene Normal School, and both taught several weeks last year in these grades after the resignation of Miss Stevens.

Miss Emily Wood asked to be released from her work as teacher of the sixth grade in order to accept a position in Waltham, Mass., and Miss Alfonsina Romano, also a graduate of Keene Normal School was assigned to succeed Miss Wood.

Miss Evelyn Evans requested a release from her position in the second grade in order to accept a position in Beverly, Mass., and Miss Elaine Dunn was transferred from Grades V-VII B to the second grade, and Miss Abbie E. Shea, a graduate of Keene Normal School, with three years' experience was assigned to the position held during the past two years by Miss Dunn.

Miss Geraldine J. Wallace, also a Keene Normal graduate was chosen to succeed Miss Elizabeth Peckham as teacher in the room opened last year in the primary school for the B division of Grade I.

During the month of October it was decided to employ a teacher of physical training on part time, and Miss Mary A. Brown, a graduate of Conant High School, and Posse Normal School was assigned to this place.

As the schools at districts number three and four had become so small it seemed advisable to close them both and transport the few pupils remaining to the village, so that we are, for the first time, without any rural schools in Jaffrey.

The evening school has been continued the present

year with Miss Peckham and Miss Cunningham teaching the subjects called for. Although the enrollment is small there has been considerable interest shown and a good percentage of attendance. I think that possibly the appropriation for evening schools might be cut from \$350 to \$250 and still cover all requirements for this work.

During the summer the Parent-Teacher Association continued their work in caring for as many cases of tonsils and adenoids as possible thus making possible healthier, and therefore, better pupils.

During the fall term a series of Toxin Anti Toxin clinics were held under the charge of the State Board of Health, at which time two hundred forty seven children were inoculated.

The Parent-Teacher Association continued their excellent work, both at the play ground and at the bath house at Contoocook Lake under the charge of Mr. Milton Orcutt, during the summer vacation, and the keen interest manifested by the boys and girls of our town in the opportunities thus offered them makes this branch of the work of the association seem certainly worth while.

As mentioned in last year's report, another interest in our schools by the Parent-Teacher Association is their scholarship of \$100, awarded to some member of the senior class in the high school, who has maintained an average of at least 85%, who desires to enter some higher institution and would be unable to do so without this aid.

The scholarship award last June was to John Morgan who entered Holy Cross College in September.

The work of our schools during the past year has been very encouraging. We have teachers who are well qualified for their positions, who are interested in their work, and who are accomplishing excellent results in their classes.

In closing I wish to thank the school board, teach-

ers, parents, pupils, and all citizens who have so generously supported our work during the past year.

Very truly yours

REPORT OF HEALTH DEPARTMENT

For the Year Ending January 31st, 1928

We have been very fortunate in not having any very serious contagious or infectious diseases during the year and out of the few cases all but two were brought here from other towns.

I am sorry to report that one case of Scarlet Fever resulted fatally.

There was one case of Rabies in town and while it was of some inconvenience to dog owners I want to say with but two exceptions the quarantine law was exceptionally well complied with.

The sewage question has been quite a difficult proposition, but in most cases has been corrected. There are a few sections that, to my mind, the town will have to provide some remedy.

During the year I have visited thirty farms and places where milk is distributed and while there has been quite a number of infractions of the law, yet in most cases it was through ignorance of such laws. With but one exception, all are more than ready to do what is required to have the milk in Jaffrey 100 percent good.

The water from both reservoirs has been tested at Concord three times and the reports have been good in each case.

Under the State Board of Health, division of child welfare, a toxinantitoxin clinic was held. 347 inoculations were given for the protection from diphtheria.

H. N. PACKARD,
Health Officer.
